AIMS OF AIIC—DIOCESE

Aiic- Diocese is the First independent churches Diocese in India. Until this time, the independent churches were scattered because they were not recognized by the main line churches .And at that time by the inspiration of God , in the year 2009,a Diocese was established by me which came into existence as All India Independent Churches Diocese, to look into the tribulations faced by the independent church pastors. Before the Aiic diocese formation, it was started as Aiic Union in the year 2006 by me. The reason to start this union was the atrocities faced by the independent church pastors in India at that time.

DIOCESE—Diocese means a congregation under the Supervision of A Bishop.

EPISCOPAL: Episcopal means the group of the Bishops. Christian administration means, administration of Churches administered by Bishops. This power was given by the Supreme Court of the India to the Bishops and Diocese to perform the marriages for the Christians and further were given to the Societies and the Churches which come under the purview of the Diocese to perform special marriages under 1872 Act and Orders were issued to all dioceses under the Christian marriages Act as envisaged in the Constitution.

AIIC-Diocese : There are about 10,000 independent churches working under this Diocese. Several churches have been registering their names every month. Independent churches are under the control of AIIC and are preaching the Gospel , not only in Andhra Pradesh and Telangana states but also in Maharashtra,Karnataka,O rissa,Chattisgarh,Bihar,Punjab,Madhya Pradesh, Uttar Pradesh and Delhi.

The 1872 Act is limited only to the Dioceses viz...(R.C.M)Roman Catholics, Protestants, C.S.I, C.N.I, Lutherans, Methodist, Syrian Orthodox etc. The Independent churches and the pastors are being looked down by the above Dioceses. The pastors of the Independent churches are being put to mental trauma on the premise that they are not recognized Churches. Due to the above reasons, AIIC—DIOCESE is registered with the Central Government and got affiliated to the EPISCOPAL group, as per the International standards.
